

QUOINS

These 8" high stones turn an outside corner into an important architectural statement. Cultured Stone® Quoins can blend with other stone textures or create a contrasting accent with stucco or brick.

CHAMPAGNE (AS-2892)

Nominal size 8"x 8"x 12"

Inset left: Champagne Quoins detail a brick home.

TUSCAN LINTELS

Another way to trim out headers over windows and doorways. These stones are 22" wide, 6" high and 2-5/8" thick.

Tuscan Lintels come in the same four colors as Trim Stones. (See page 76-77)

Buckskin (TL-373098)

Inset left: Buckskin Tuscan Lintel with Romana Old Country Fieldstone.

Also available: Champagne (TL-373099), Gray (TL-373100) and Taupe (TL-373101)

WATERTABLES / SILLS

Products that provide the correct trim answer for the top of a stone wainscot or a window sill application. Cultured Stone® Watertables and Sills have the right pitch and a drip edge for clean water runoff.

Watertables/Sills come in the same four colors as Trim Stones. (See page 76-77)

Buckskin (SWT-1371)

Champagne (SWT-1370)

Gray (SWT-1372)

Taupe (SWT-1375)

Actual size 2-1/2" x 18"

Inset left: a Champagne Sill with a wainscot of Texas Cream Cobblefield® (page 41).

Above: the pitch and drip edge.

COLOR SELECTION

Taupe Trim Stones with Bucks County Dressed Fieldstone
