“Timeless Beauty”. Natural Stone has a place in history where the past is always present.

Natural Stone Veneers International (NSVI) fabricates natural thin veneer stone for interior and exterior building applications. NSVI has emerged as the leader in the natural stone industry with its diverse natural thin veneer stone products, distribution and marketing.

Designing with Natural Stone “Volume 6” is a compilation of over sixty product lines quarried from around the world. These collections expand and complement structural dimension with a diversity of color and texture. Many variations on how Natural Stone Veneers can be the crowning achievement to any construction endeavor are depicted in project photos throughout this catalog. New products and a complete photo gallery can be found online.

MADE IN THE U.S.A.
Mosaic Collection

Bluewater™

Bridgewater™

Farmington

Litchfield

Litchfield
New England Fieldstone™

Split Fieldstone

Aspen™

Cobblestone

Naturally rough-hewn fieldstone is collected from its original geological deposits and transposed to its new architectural element.
Ledgestone Collection

Diamond Ridge™

Hudson Ledgestone™

Virginia Ledgestone™

Silver Ledgestone™
“...there’s a consistency in the stone that allows us to write a spec and not have to spend a lot of time tracking things down... we don’t have to go out to the quarry or to the supplier to make sure it’s the right stone.”

– Mark Knauer, architect
90% Diamond Ridge™
10% Hudson Ledgestone™
Acquilano Leslie, MOA Architecture
The Old World Collection yields a rustic feathered finish. It lends a solid and grounded feel while utilizing a rhythmic, flowing pattern to add softness yet interest to the finished project.
Stone Jewel is a dimensional interior and exterior product. It can be installed both vertically and horizontally. Its versatility can be seen on the photos below.
Blending product lines is a great way to bring individuality to a project. From traditional design elegance to contemporary style, the enduring beauty of our natural stone blends and accents perfectly—inside and out. The unique properties of our natural stone veneers allow them to be the ideal design concept for your architectural application. Color, texture and durability of real stone without the weight… no extra footings necessary.

FLATS:
Up to 10 Sq. Ft. per Box
Up to 100 Sq. Ft. per Crate
Up to 180 Sq. Ft. per Crate

CORNERS:
Up to 10 Lineal Feet per Box
Up to 100 Lineal Feet per Crate

• Ledgestone Collection is packaged for tight fit installation.
• All other collections packaged using a 1/2" mortar joint.
• NSVI recommends a thin set mortar meeting ANSI 118.4 on any exterior tight fitted joint installation.
• Images shown in this catalog are intended to be as accurate as depictions of color and texture can be on the printed page. Because NSVI produces a natural stone product, shades may vary.
• For best results of color and texture, work from as many packages as possible.

Installation Instructions

Installation guides, videos, cleaning instructions and corner installation for Ledgestone and Dimensional Ledgestone can be downloaded from our website in PDF format. We also offer a 10-Step Video Tutorial showing the application of our natural stone veneers. nsvi.com/installation-instructions

Design & Detail Recommendations

Information on the proper design and detail of the backup structures and other design information for NSVI stone can be found in the 2013 Building Code Requirements for Masonry Structures (TMS 402-13/ACI 530-13/ASCE 5-13).

Detail Drawings

Detailed drawings for Natural Stone Veneer application on a variety of surfaces can be found at: nsvi.com/specs

“King Cutter”

The revolutionary stone veneer trimming tool that increases productivity by reducing saw time.
Natural Stone has a place in history where the past is always present. It’s worth the investment to choose natural stone.
Over 60 product lines quarried from around the world!
